HERITAGE COLLECTION TOKAJ ESZENCIA 2000

The Count of Buena Vista, Agoston Haraszthy, was a vivacious pioneer whose love affair with grape growing started in his homeland of Hungary. Born into nobility, The Count grew up amidst famed vineyards and orchards that had been in his family for centuries.

One of the things he missed terribly after leaving Hungary in 1840 was his beloved Tokaj, a wine made from grapes affected by noble rot, resulting in a beautiful, sweet nectar.

In honor of The Count, Buena Vista is proud to introduce our Eszencia imported directly from Hungary and often described as one of the most exclusive wines in the world. Made from the juice of Aszú berries which runs off naturally from the vats in which they are collected during harvest, Eszencia has a high sugar concentration that is almost syrup like and takes several years to ferment. The intensity of flavor in this wine is unequalled but is so sweet that it can only be consumed in small quantities and typically from a small spoon.

The Buena Vista Eszencia reflects the essence of botrytised berries. Its dense texture melts in the mouth as the incredibly vibrant acidity emerges. Sweet fruit flavors come together with the acidity and mineral elements creating a finish.
